It is forbidden to use the brand of the recommended company in any way on the products of recommended companies, in which consistency or properties of which make it impossible to identify it as amber, f.ex. on cosmetics unless the IAA Recommended Company mark is put next to the IAA recommended company's logo and data, which also sales objects or produces objects made of amber, f.ex. jewellery.

Please be AWERE that:

- 1 / The mark of an IAA recommended company is used to promote the company of IAA members and its ethical behavior towards customers.
- 2 / The trademark of the company recommended by IAA confirms that the companies mark products through a description consistent with the classification of gemstones with amber of 10/05/2021 (https://www.amber.org.pl/en/klasyfikacja) f.ex. do not use the description "natural Baltic amber" to describe modified cognac amber with scales or green amber with scales.
- 3 / The mark of the company recommended by IAA may not be used in the commercial practice of the company recommended as an alternative to the IAA laboratory certificate confirming the testing of a given facility. That means if you giving any info to customers that recommendation means that you sales "only natural Baltic amber" or "only Baltic amber" is an unauthorized act and is inconsistent with the provisions of the regulations and the intention to grant permission to use the brand of the recommended company.
- 4 / In the event of non-compliance with the above-mentioned entries the certificate of the recommended company will be revoked by the members of the Association immediately and in accordance with the provisions of §15. Of the "Regulations for granting and using recommendations" based on May 20, 2021, the IAA management board has the right to impose a contractual penalty by a resolution of the Management Board.
- 5 / The penalty specified in the regulations is to protect members of the IAA and the organization itself against financial benefits by dishonest producers and traders.
